

Senior Manager of Transportation – Exeter, NH

We are currently assisting one of the nation's top Consumer-branded organizations in their search for a [Sr. Manager of Transportation](#) in Exeter, NH (southeastern NH). This person will manage the domestic logistics department, the 3PL relationships for both TL and LTL carriers, and all negotiations to support about \$50M in logistics spend.

The right person will have 7+ years of transportation / warehousing / fulfillment experience; a background that includes knowledge of refrigerated containers / cold chain; strong experience managing and negotiating with TL and LTL carriers; and will be motivated by the fact that exceptional performance is rewarded with rapid promotion. They have asked us to identify 3 finalists by late next week.

Scott, we are all aware that times are tough and there are a lot of good people on the street right now, through no fault of their own. If this doesn't seem like something that would interest you, please pass it along to someone who it would.

Sincerely,

Jason Breault
Managing Director
